

## **Jewell & Associates, a Deltek Premier Partner, Merges with Patrick Associates**

### **Acquisition expands Jewell & Associates penetration into the Northeast region, offering clients additional sales, implementation and training support for their Deltek Vision system**

Vienna, Virginia (PRWEB) October 1, 2008 – Jewell & Associates, a Deltek Premier Partner, announced today that they have merged with Patrick Associates, a Deltek Partner based in Pittsburgh, Pennsylvania.

The acquisition expands Jewell & Associates client base into Pittsburgh and the eastern section of Ohio. As part of the merger, Susan Patrick will join the team of Jewell & Associates as Senior Project Manager. In this role, Patrick will continue to consult to the client base she has built over the past 20 years while having the additional support of Jewell & Associates' consulting team.

"I am thrilled to be a part of the Jewell & Associates' team and look forward to having additional support for my clients," says Susan Patrick. "June Jewell and I share the common history of being a Wind2 business partner for 15 years prior to the acquisition of Wind2 by Deltek and have similar philosophies when it comes to making clients happy."

June Jewell, CPA, President of Jewell and Associates, has experienced tremendous growth throughout 2008 and merging with Patrick Associates supports her company's growth strategy. "Our goal is to provide an additional level of service to Patrick Associates' client base while they continue to work with Susan Patrick," says Jewell. "We are excited to have Patrick as part of our consulting team since she brings 20 years of expertise to our company and this experience will support the growth of Jewell & Associates."

Deltek Vision is a leading enterprise software solution designed for project-based professional service firms to improve business performance, streamline operations, and win new business by integrating end-to-end business processes by automating the marketing, financial management, planning, tracking and administration of resources and projects.
